

1. Unrestricted Bequest is a gift that is made available for the general purpose of the institute, allowing its use wherever the need is greatest:

I give, [_____ percent of my estate, or description of asset, or _____ dollars] to the Teen Cancer America Organization, a California non-profit, for its general use.

2. A restricted Bequest provides a gift exclusively for the purpose you specify, for example:

I give, [_____ percent of my estate, or description of asset, or _____ dollars] to the Teen Cancer America Organization, a California non-profit, for the restricted purpose of _____.

If in the future, the Board of Trustees of Teen Cancer America determines that the restriction placed herein would result in an impractical use of the bequest, it may designate another purpose for its use that most nearly accomplishes my wishes. Further, if the total amount of my bequest when received by TCA, does not reach the funding level required for my designated purpose, Teen Cancer America may choose to let the fund accumulate income and interest until the appropriate amount is reached.

3. A Residual Bequest is a gift of all or part of your estate after other bequests have been fulfilled, for example:

I give all (or a percent) of the rest of the property that I may own or be entitled to at my passing to Teen Cancer America, a California non-profit, to be used for its general use (or a restricted purpose.)
